

gloBrightening Polish

Skin Type(s)	all skin types
Mission Statement	The combined activity of physical resurfacing and natural brighteners give unparalleled results against age spots. Dead skin and debris are removed to clean and open the skin's surface, allowing for enhanced absorption of the brighteners. When followed with the gloBrightening Serum, the collective outcome equals distinguished results.
Recommended For	All skin types and hyperpigmentation, sun & environmental damage, freckling, dull complexion
Active Interest	Turmeric Extract – contains curcuminoids, which are phytochemicals with anti-inflammatory, antioxidant and healing effects Tyrostat™ (Rumex Occidentalis Extract) – natural tyrosinase inhibitor derived from the Western Dock plant Lumiskin® (Diacetyl Boldine) – a tyrosinase inhibitor naturally derived from Chilean tree bark that helps inhibit pigmentation induced by cellular stress Kojic Acid – derived from Japanese mushrooms, is effective inhibitor of melanin synthesis Applephenon™ – a specialized extract of Apple that is exceptionally high in procyanidin, a phytochemical with antioxidant, antimicrobial and antimelaninogenesis effects Jjoba Beads - natural and gentle physical exfoliation without stress to the skin.
gloComplex	Phyllantus Emblica (Amla) Fruit Extract, L-carnosine, Niacinamide, Spin Trap (Phenyl Butyl Nitron)
Directions	Apply a small amount onto clean skin 2-3 per week. Massage into skin and remove after 5-10 minutes. See professional protocols.
Composition	Aqua (Water), Hamamelis Virginiana (Witch Hazel) Water, Glycerin, Sodium Ascorbyl Phosphate, Jojoba Beads, Polyethylene Beads, Caprylic/Capric Triglyceride, Diacetyl Boldine, Xanthan Gum, Glycerin, Rumex Occidentalis Extract, Stearic Acid, Cetyl Alcohol, Glyceryl Monostearate, Kojic Acid, Pyrus Malus (Apple) Fruit Extract, Phyllantus Emblica (Amla) Fruit Extract, L-carnosine, Niacinamide, Spin Trap (Phenyl Butyl Nitron), D-alpha-tocopherol, Allantoin, Aminobutyric Acid, Citrus Aurantifolia (Lime) Oil, Mentha Piperita (Peppermint) Oil, Lavandula Angustifolia (Lavender) Oil, Passiflora Incarnata Flower Extract, Curcuma Longa (Turmeric) Root Extract, Titanium Dioxide, Alcohol Denat. (Ethanol), Gluconolactone, Sodium Benzoate, Phenoxyethanol, Dimethicone
Notes	It is always important to practice good sun protection during a brightening program. Unprotected or excessive sun exposure can delay or inhibit results, or even exacerbate existing pigmentation problems.
